

FRONTIER LABORERS FOR CHRIST

THAILAND

Frontier Laborers for Christ ministers to the hill tribe people groups in Northern Thailand, Laos, Cambodia, and Burma (Myanmar). Lynne and I have helped with this ministry for about 10 years. We have gone on at least 8 missions' trips to Thailand in the past 10 years. They have many programs to help the hill tribe people groups. We have been involved in building water systems for villages that have not any help from any government and live in very primitive and isolated areas.
